Other Items Noted:

- Members need to be accountable for any guests, and families visiting, to share the Club Rules & Regulations.
 - HOAs need to monitor and “police” the rentals to ensure that renters know and understand Club Rules & Regulations – namely, NO outside food/beverages brought onto Club property, proper dress code policies, no playing on the golf courses, and no riding golf carts off the pathways.
 - Pickleball Update: NO, we are NOT removing the tennis courts to make room for more PB courts. Club leadership is assessing proper locations and exploring options for additional PB courts. This is still in the exploratory stage. The meeting for members will be rescheduled once more information is available.
 - Shared the recent destruction of the croquet boxes and the need for replacement.
 - The Club will be replacing the pool railing covers that are tattered.
