

The Strand Single Family
HOMEOWNERS ASSOCIATION

Residents of the Strand can aid FPL by informing them of street lights that need repair. This would be either a hazardous condition or a light that is out or stays on all day.

To notify them call 1-800-468-8243 to report the condition and provide them the pole number. If the pole number is not available, provide the street name and closest address to the pole.

Thank you
