

To Strand Single Family Homeowners:

As we all know, we are in a drought with no rain in the near future. Consequently, your HOA Board is taking this time to remind us all that watering outside of the schedule is NOT allowed and the HOA cannot be responsible for any consequential problems.

Please refer to the below message concerning Irrigation Usage and Timers.

Sprinkler Timers are set by the Landscaper and should not be adjusted by the homeowner.

Each home has a set time when it will be watered between midnight and 8 am. Odd number addresses, Wednesday and Saturday, even number addresses, Thursday and Sunday.

We CANNOT water more often even with new shrubs, sod or hot spots. If you have a need, use of city water is acceptable for irrigation.

We have 2 permits that we must adhere to, The Master Association and the Club, or face possible fines or loss of the permits.

Thank you.

HOA Board of Directors
