**Re: Irrigation**

I wanted to reach out and let you know that we are aware of dry areas and hot spots in the turf. Collier County allows for watering three days per week, and irrigation is prohibited between the hours of 10:00 am to 4:00 p.m. We are applying extra irrigation to these dry areas but with record high temperatures, lack of rainfall and 30-35 mile an hour winds we had last week, we realize that there still may be dry areas, but we are doing our best to promote healthy turf.
